

Chinese Canadian Medical Society (BC)
加華醫學會

You are cordially invited to attend
an evening presentation

FAMILY PRACTICE:

Upgrading knowledge related to sleep disorders -
Assessment, diagnostic tools, & treatment options for your patients.

LEARNING GOALS

- Common sleep disorders, including obstructive sleep apnea in primary care: “Why do we care?”
- Who do we screen for sleep disorders?
- How to screen: Home Testing or Sleep Lab?
- Treatment options.
- When do we refer?
