

Your invitation from HLS Therapeutics to a live ZOOM webinar program entitled:

# Emerging Therapies in Cardiovascular Protection Beyond Current Standards of Care

## Speaker

### Dr. Siu Him Chan, MD FRCPC

Dr. Siu Him Chan completed his Bachelor of Science and Doctor of Medicine degrees at the University of British Columbia. He then completed his Internal Medicine and Cardiology training at UBC. He is certified by the Royal College of Physicians and Surgeons of Canada in Internal Medicine and Cardiology.

## Objectives

At the end of this session, the participants will be able to:

- Highlight that cardiovascular risk remains, despite treating according to standards of care including therapies to lower LDL-C
- Recognize other markers of CV risk beyond LDL cholesterol levels
- Identify IPE as a novel pharmaceutical molecule, distinct from other TG lowering therapies
- Review new evidence-based medicine for cardiovascular event reduction with IPE: the REDUCE IT trial
- Implement new evidence-based therapies for the management of cardiovascular risk
